

Boston Specification

Designed by Katerina Zachariades.

The Boston collection is a comprehensive series of lounge chairs with a slender timber frame inspired by Cruise Liners and Colonial Hotels. All chairs are available with or without arms, with a choice of four back options; ladder back, panel back, half panel back and woven leather back. The arms feature a fine finger joint and curved profile that is light and elegant. The chairs have deep and generous seats and lumbar cushions as standard.
