

# Aran

*Designed by Morgan Studio*

[morganfurniture.co.uk](http://morganfurniture.co.uk)

Inspired by the rich knitting history of the Aran Islands, the Aran collection presents a sculptural appearance with minimal mass that aims to celebrate the unique qualities of this craft.

Comprising only the most essential elements: an expertly knitted sleeve, held in tension over a supporting timber frame, resulting in a flexible ergonomic surface that comfortably cradles the user without any conventional upholstery.

The Aran collection was designed to achieve maximum comfort and a sculptural nature with minimal material, creating form without mass.

Developed with Camira, the fabric used for Aran is woven from a blend of 90% post-consumer plastic bottles diverted from landfill and 10%

plastic from marine litter. The varying densities of the knit material produce levels of transparency that highlight the lightness of the chair and uncover parts of the frame hidden behind the 3D knitted cover.

Each technically knitted cover is knit to fit, ensuring zero waste in both manufacture and furniture assembly. Different knitted structures have been used to form areas of varying tension and opacity, creating contrast and texture.

Technically knitted cover available in Driftwood and Onyx.

The Aran chair demonstrates Morgan's commitment to craftsmanship, innovation, and a greener future.

*“Collaborating with Morgan has allowed us to create something truly unique. We’re proud to work with a UK-based company that shares our passion for sustainability and British design and manufacturing”.*

- Darren Hill, Head of Camira Knit

Discover the Making of Aran

Every chair is designed and manufactured at Morgan's Hampshire factory, which is powered by 86% renewable energy, including 50% by solar panels. Each design uses 14.85kg of sustainably-sourced timber.

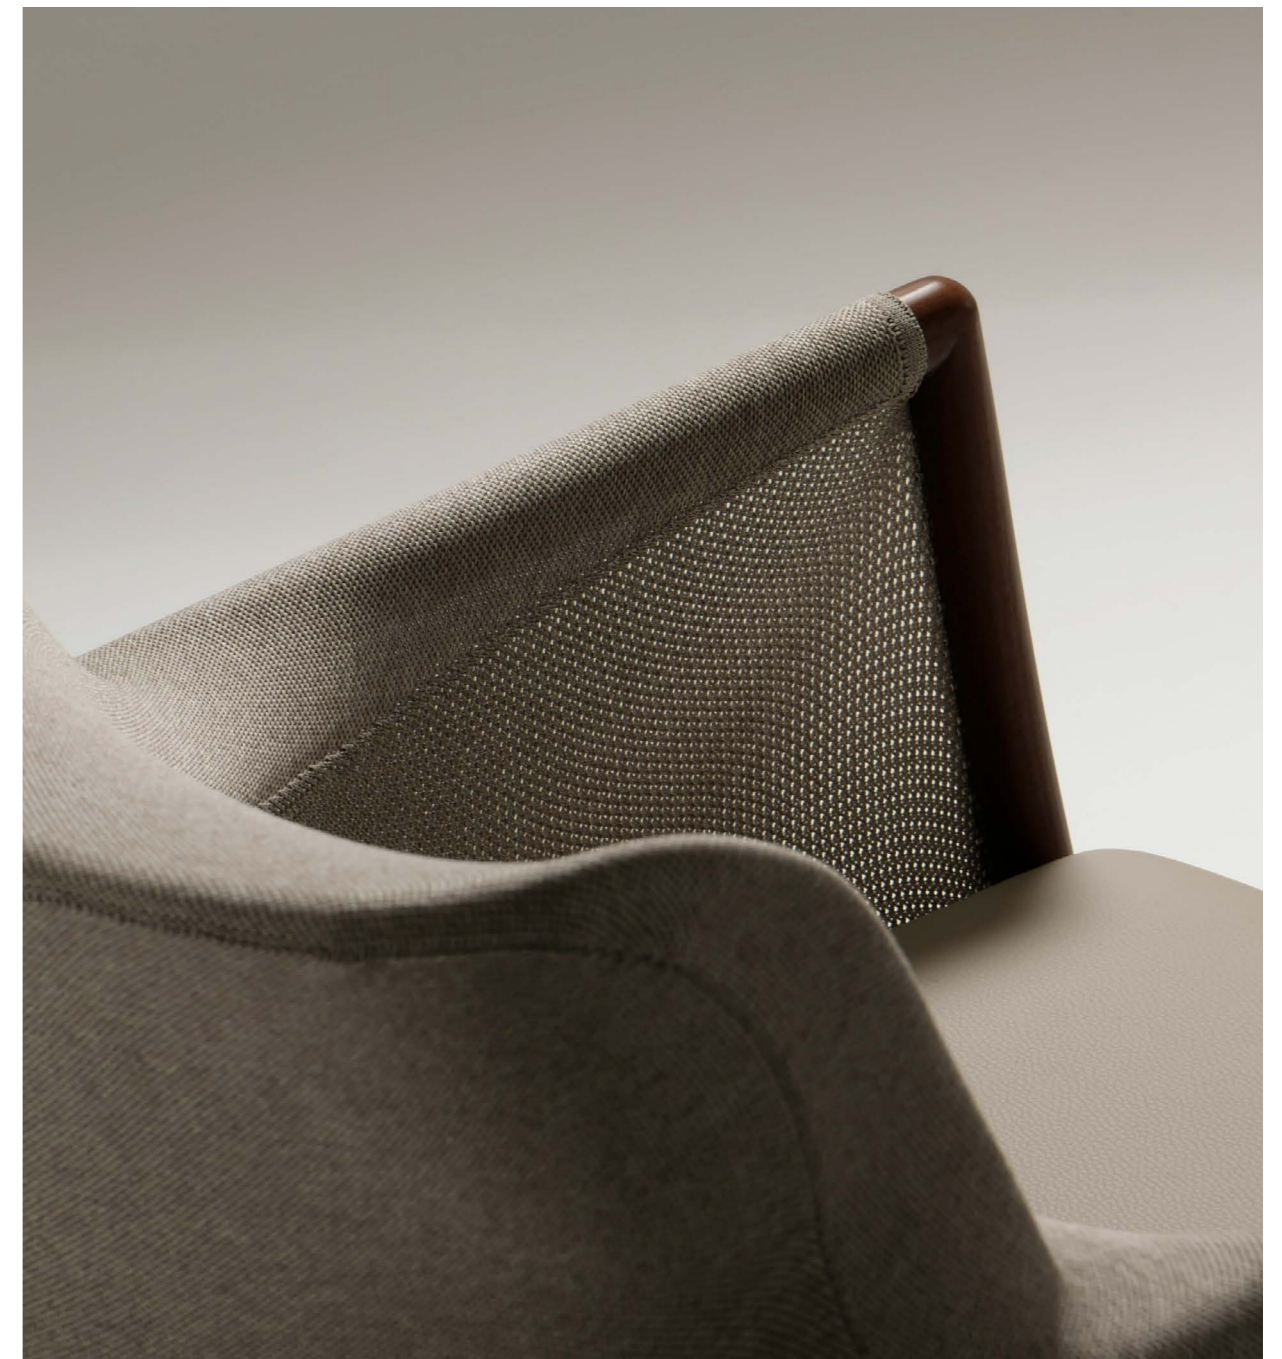

*“Aran demonstrates our commitment to sustainable design while pushing the boundaries of comfort and form. The Aran lounge chair is a testament to the beauty and versatility of knit material, and we are confident it will make a striking addition to any space”.*

- Erin Johnson, Design Director

Every piece we create is carefully designed to confidently stand alone or to sit in harmony with all our furniture collections.
