

Bruton

Designed by SmithMatthias

Celebrating nature and functionality, we welcome Bruton to our collections. Designed in collaboration with SmithMatthias, Bruton is a modular sofa bringing a softer design language to our contract collections. A gentle, organic profile contrasted by crisp, clean lines creates a flexible, highly adaptable furniture system. Designed for comfort without sacrificing on sustainability, Bruton's upholstery and filling are made from consciously selected natural materials, including wool, coconut coir, springs and feather, which meet contract fire standards.
